

Growth Hacker

(m/f)

We at Twopeople Software are looking for a creative and self-sufficient Vienna-based growth hacking expert with strong writing skills. We are offering lots of interesting tasks related to launching new software products (mobile apps). We need someone who would help us boost our growth on the global market. You will have lots of freedom of choice and responsibility.

Requirements:

- Proficient English skills
- Creative af
- Copywriting skills (pitches, email marketing) are appreciated
- SMM skills are appreciated
- 1+ year experience is appreciated

Responsibilities:

- Come up with strategies how to grow our products
- Translate these strategies into action
- Track the effectiveness of these strategies
- High level of involvement

What we offer:

- 30h workweek
- a workplace at Stockwerk Coworking in the center of Vienna
- a young, passionate and motivated team
- lots of experience in product development (design thinking)
- a decent compensation

If it sounds like you or you know someone who might be interested, hit us up at contact@twopeoplesoftware.com!
